The Tagore Society of New York
372 Central Park West,
NEW YORK, New York, U.S.A.

Dear Sirs:

The India Association Saskatchewan has launched a project: Remembering Tagore. The idea is to present here in Saskatchewan several productions based on the works of the Poet, culminating in a Tagore Festival sometime in Summer, probably in August. My wife is heading the project. She is working on "Shyama" with the help of some of the children. Our idea is to organize a Tagore exhibition, (books, paintings, records, etc.). The University of Saskatchewan has offered us support.

We turn to you for ideas. Could you let us know if we could borrow from you samples of Tagore's works for our Tagore Exhibition. We have a small fund. It will be possible to meet the cost of borrowing.

Could you please let us know names of, and address (including telephone numbers) a few persons in your society to whom we can write. As we are here all raw in experience, any help from your society will be welcome.

Hoping to hear from you soon.

Yours sincerely,

Dr. H.N. Gupta
Chairman
